## Ordering Through the School

Items listed from the attire list that include a price can be ordered through the school. Items that do not include a price need to be purchased independently from a local supplier. The regulation uniform is in accordance with The Royal Academy of Dancing. Please get your orders in soon to eliminate last minute chaos. Freed of London does run-out of inventory and the wait for backorders is lengthy. The school will process orders promptly once they are received. There are some used character skirts and shoes available for no cost. Please inquire if you are interested. (Mostly smaller sizes.)

### Pre-Primary/Primary Skirts

Pre-Primary and Primary skirts, 18 – 22 inch waist sizes. Please assess smaller rather than bigger. Skirts that are too big in the waist remain sloppy looking and do not conform to a classical symmetry. Rarely does a student grow into a skirt that hangs below the waist.

### Leotards

Regulation leotards come from England and the sizing is British. To determine your correct size a girth measurement is taken. Hold a measuring tape firm at the shoulder. Holding it firm, continue with the remaining tape down the back through the legs, and back to the shoulder. The measurement should be a full circle from the back of the shoulder through the legs to front of the shoulder.

**Choice** indicates any solid colored leotard is acceptable. No cut out leotards.

Size	Girth Measurement
00	37"
0	40"
1	45"
2	50"
2A	54"
3	58"
4	62"

### Demi-Pointe Shoes

When ordering through the school, please provide a street shoe size as well as ballet and pointe shoe sizing. These shoes are required from Grade 5 onwards. Demi Pointe shoes are required in all vocational levels classes and examinations: Intermediate FDTN through Advanced 2.

## Character Uniform

The character skirt is custom made and is ordered through the school. It is made from a black cotton blend. There are three rows of decorative ribbon, which coordinates, with the leotard color of the particular grade. Included is a ribbon color sheet for selection (Grade 1 only – others upon request) of the combinations you prefer. More rows of ribbon are available at additional cost. To order a character skirt through the school, measure the waist holding the tape measure carefully (with two fingers flat to the inside once the measurement has been determined. The waist measurement needs to be accurate and generous (not tight). Then measure from waist to mid-calf.

The character shoe is worn from Grade 1 onwards, and they are required to be black and regulation. There are two heels, low and Cuban. From Grade 3 onward the Cuban heel is preferred. When purchasing character shoes through the school please read the conversion table provided. Conversions are the best estimation based on standard U.S. hard sole street shoe sizes. Specify which size you are ordering, U.S. or U.K. If U.S. is specified, we convert per the chart. If nothing is specified we will fill the order in U.K. sizes. If you have doubt, enclose an outline of the students' bare foot with your order.
